

# Environmental Policy Statement

---

Seagull Maritime Security provides maritime security services to assist in the protection of ships, ports and other maritime assets.

We recognise that our activities have an impact on the environment in terms of the use of raw materials, emissions to air and water, and waste generation, and seek to minimise this as far as is reasonably practicable.

By continually improving the Environmental Management System, Seagull Maritime Security is committed to satisfying any interested party with excellence in environmental performance that comply consistently with current legislation and regulations, at the best possible cost and delivered on a timely basis.

## **We believe that “IT IS EVERYONE’S JOB TO PROTECT THE ENVIRONMENT”**

Seagull Maritime Security is committed to:

- Continual improvement in its environmental performance
- Preventing pollution
- Compliance with all environmental legislation, regulations codes of practice and other requirements relevant to our industry sector.
- Ensuring that its personnel are aware of, and comply with, environmental regulations, procedures and codes of practice applicable whilst working on a client’s vessel.

It is the policy of Seagull Maritime Security to:

- Make efficient use of natural resources by conserving energy and water, minimising waste, and recycling where possible
- Meet its duty of care requirements in relation to waste by ensuring the safe keeping, transportation and subsequent recovery or disposal of waste
- Keep transport use to the minimum necessary to maintain safe operations
- Work with suppliers to ensure they recognise and reduce the environmental impact of their products and transportation.

We will review this policy on an annual basis, taking account of any changes within legislation and our organisation, and other factors.

We will communicate this policy to all of our personnel and ensure that they are given appropriate training to raise awareness of environmental issues.
